

# States of Happiness

A British and an American Economics Professor  
Rank the Happiness Level of the U.S. States

Research by Andrew Oswald, University of Warwick (U.K.), and Stephen Wu, Hamilton College (U.S.),  
published in December 2009. Source: [http://www2.warwick.ac.uk/newsandevents/pressreleases/research\\_finds\\_the](http://www2.warwick.ac.uk/newsandevents/pressreleases/research_finds_the)

The lower the number,  
the happier the people  
who live in that state.
